Los Angeles CA Aug.1st, 2018 – **In The Led** – a Led Zeppelin experience announce world-renowned rock drummer **Brian Tichy** (*Whitesnake, Billy Idol, Foreigner, Ozzy*) is onboard for shows in September 2018! Get ready for a *whole lotta rockin' good times* when **In The Led** hit the stage in central California for two dates in **Zeptember** (2018).

Delivering a masterful *Led Zeppelin* concert experience, **In The Led** goes far beyond capturing the true spirit of the band considered to be the *greatest rock group in history*. “Not only do we resurrect the classic performances of Led Zeppelin” says bassist/keyboardist **Mark Ludmer**, “we push the limits of this classic music, especially within the jams... just like *Zeppelin* did in their early shows. This is all about giving the audience a real *fly hard by the seat of our pants* concert experience while creating a truly magical occasion each show”.

To fuel the fire, **In The Led** announces a very special guest for this show!

Performing on drums is world-renowned rock drummer **Brian Tichy!**

In The Led features legendary rock frontman **Chas West** (*the Jason Bonham Band, Lynch Mob, Resurrection Kings, West Bound*) bringing genuine star power

while capturing the true essence of a *Robert Plant* stage performance. *Chas* is also undeniably the closest rock singer to the actual original *Led Zeppelin* family, having toured with the *Jason Bonham Band* from 1995 thru 1997, performing *Led Zeppelin* favorites to die hard rock fans all over the world.

In The Led also features *the amazing Sean Colligan* (*Bonfire, Led Zepagain*) on Guitar, and *the wizardry of Mark Ludmer* (*Bleeding Deacons, Deepest Purple*) on Bass and Keys. **In The Led Drum God Mike Nieland** (*The Police Experience, Visions*) is honoring a previous commitment, and is stoked to have the amazing **Brian Tichy** filling his big old Bonham ZEP shoes on these dates.
